NOTABLE WORKS

Data Visualization and Interactive Dashboards with Python

Book Author   Published Date: September, 2022

- A step-by-step guide for readers to utilize packages such as Jupyter, Plotly, Dash with Github, and Heroku to implement various interactive data visualization
- Includes delineation of efficient and effective data manipulation and visualization utilizing Python

EXPERIENCE & ACTIVITIES

Blue Cross Blue Shield of Tennessee   **Chattanooga, TN**

Financial Information Systems Analyst   March 2022 - Present

- Developing a platform that will more efficiently and effectively integrate data collecting, data warehousing, and data writing programs to simplify report writing for accountants
- Creating a framework that connects all of the financial databases, the general ledger, resource tables, and reports
- Standardizing reports and report headers so that the clients can understand the journal entries better
- Manipulating and organizing financial data for various departments and teams
- Creating documentation that maps the flow of data through all of the data collecting, warehousing, and writing programs for each data table needed for financial reporting

Altiora Peto Model United Nations   **Nashville, TN**

Board Member   March 2022- Present

- Serving as a founding board member in the Alto Peto Model United Nations (ALTMUN) which aims to build a high-quality model United Nations program to enhance the learning experience of high school students
- Coordinating with a group of 10 volunteer board members to solidify the logistics, technologies, finances, and model UN processes needed to develop and run a high school conference from scratch
- Overseeing a group of 6 volunteers that work to create the technological infrastructure of the systems needed
- Educating a selected high school student on how to effectively prepare and lead the debate for other high school students as a chair

Vanderbilt Bookstore   **Nashville, TN**
Supplies and Technology Team Lead   December 2021- August 2022
- Oversaw the operation of the supplies and technology department, online department, and trade books department
- Collaborated with departmental managers to have the best structural information and layout design to ensure customer ease and satisfaction
- Oversaw the process of Inter-Store Transfers and Charge Backs of textbooks from bookstores all around the nation
- Arranged the layout of textbook, trade, supplies, and technology section to optimize customer shopping experience
- Ensured that with each shipment of supplies and books, they are correctly distributed throughout the store

Southeastern High School Model United Nations   **Chattanooga, TN; New York City, NY**
Delegate, Co-Chair, Advisor   January 2017 – Mar 2022
- Led a team of approximately 50 students in various Model UN conferences by educating them about how to write a well researched paper, speak with confidence, and strategize through debate
- Served as a co-chair volunteer in the UN International Organization on Migration committee (IOM) at Southeastern High School Model UN by facilitating comprehensive debate between high school students
- Advised and coached the 2022 Southeastern All-Star Delegation Model UN team for the National High School Model UN Conference and won numerous awards

Vertices LLC   **Nashville, TN**
Project Coordinator for K-12 Education   June 2019- April 2020
- Organized approximately 50 students in underdeveloped neighborhoods to recognize problems and take initiative to find solutions in making the community safer and engaged
- Created the website and framework for Particulate Matter Citizen Information Network to update all Particulate Matter Community Mapping projects in the US and South Korea

Challenged Athletes Play Equally (C.A.P.E.)   **Murfreesboro, TN**
C.A.P.E. Basketball Event Director   November 2017- March 2019
- Volunteered to coach and coordinate basketball events for challenged athletes every week
- Revived C.A.P.E. by identifying and coordinating logistics with a new venue, recruiting approximately 30 new coaches and volunteers, and planning all events with zero funding
